CLUB NOTES - - - by Watchman

THE POINT AT BRISTOL WAS WELL DESERVED

THE several hundred supporters who went to Eastville last week-end were compensated somewhat by seeing the Swans get a well deserved point. With ordinary luck they might have made it two, for during the last half hour they were very much on top.

Desmond Palmer's brilliant goal was his thirteenth this season. His fine performances in recent weeks have justified the confidence placed in him. It was a happy day for another reason, as Desmond became a proud father of a baby girl earlier in the week.

The draw brought the club's tally to 15 points from away games easily the best record for some seasons. Before today's game the number of points from 35 games was 37, nine short of last season's final total. With seven matches still to play there is every prospect of the club passing the 1955-56 figure.

Today's game is an important one for Notts County, who at one time looked doomed to relegation. But they have been gaining ground in recent weeks and last week-end registered a convincing 3-0 win over Lincoln City at Meadow Lane to move away from the bottom position. They still have a good chance of getting away from the danger zone as they have three games in hand over Bury who have the same number of points.

A MUCH HARDER FIGHT

While our lads won 4-1 at Meadow Lane last November, they can expect a much harder fight from the County today, even though they know that visits to the Vetch have yielded them very few points. The corresponding game last season resulting in a 5-1 win for our team.

Next Monday the Welsh selectors will be meeting to consider the team to represent Wales against Ireland at Belfast. It will be interesting to see how many Swansea Town players are included.

Our next home match is with Stoke City, who some weeks ago looked strong challengers for promotion but they have dropped back a little recently.
